

Community Scorecard Results

During July we asked Perth ratepayers for their thoughts on how the City of Perth is performing.

We did this via a survey used by many Local Governments, the Community Scorecard. This was distributed to over 3000 ratepayers, 514 responses were received.

The responses highlighted:

Strengths

- Library services
- Public transport
- Festival, events, arts and culture
- Place to live
- Green spaces

We need to focus on

- Safety and Security
- Economic Development
- Services and support for homeless
- Food, health, noise and pollution issues

We value our community's feedback, we hear you and here is what we are doing to raise the bar.

Economic

Investing in the city through:

Providing ongoing support to the Perth City Deal and city defining projects including:

3 new & expanded university presences in the City (ECU, Curtin and Murdoch)

\$10m \$25m

for significant transport projects WACA recreational expansion

\$38m

in COVID-19 Rebound initiatives over the next three years

Identifying underutilised spaces for alternative uses

Free one-on-one independent business advisory services for local business

Homelessness

Advocating & supporting people experiencing homelessness:

\$2m in 2020/21

Partnering to deliver safe spaces for people sleeping rough
