DETAILS:

A request has been received from the Chief Executive Officer of YMCA WA, for the City of Perth to host a lunchtime reception for the YMCA Youth Parliament Program, which is being held during July 2016.

The YMCA WA is a not-for-profit organisation committed to providing opportunities for young people from across Western Australia to grow in body, mind and spirit. The YMCA WA works across five broad areas, these being, children, youth, recreation, training and community. Some of the facilities and programs run by the organisation include recreation facilities, child care centres, youth engagement programs, counselling and mentoring.

The YMCA Youth Parliament is a development program for young people aged between 15-25 years. Young people act as ‘Youth Members of Parliament’ (YMP’s), developing a piece of legislation and debating at Parliament House during a week-long camp. Youth Members of Parliament are given the opportunity to have their say about important community issues in a forum that both the community and government will respond to. During the week of the camp, Youth Members of Parliament engage in parliamentary debates, ‘caucus’ meetings, professional development activities, personal development, recreation activities, and meet important members of Western Australia’s community. Youth Members of Parliament come from across Western Australia to participate.

The City of Perth has hosted this reception for several years, with the intention of engaging young people with local government. During the visit participants in the program are able to learn about the role of Local Government in our State, and enjoy the rich history and tradition that exists around the role of Lord Mayor and the City of Perth.

As part of the function, a representative of the City presents the Youth Parliament Awards, including the Lord Mayor's Leadership Award, which is presented to a YMP who has shown outstanding leadership skills during the program. Policy No and Name: 9.10 – Management of Leases

DETAILS:

The valuation received was \$102,000 per annum, an increase of 56.9% over the current rental of \$65,000.

A copy of the valuation was provided to the Lessee in accordance with the City's Policy No 9.10.

The owners of Lots 101, 102 and 103 on Deposited Plan 500636 acquired this land from the Commissioner for Main Roads in 2014.

Lot 11 on Plan 511 was privately acquired in 1987.

Lot 100 on Deposited Plan 54416 is a Right of Way and is owned by a Deceased Estate.

The land owners of the adjoining properties wish to acquire part Lot 100 for the purpose of amalgamating Lot 100 with Lots 101, 102, 103 and Lot 11 (Proposed Amalgamation).

DETAILS:

HISTORY OF LOT 100

Perth Town Lot V155 was acquired by a Mr Thomas Scott in 1882. The Lot was subdivided (Plan 511) and these were on sold to third parties in 1894. Private lanes were created between the lots to facilitate sanitary collections and these laneways remained in the ownership of Mr Scott.

In about 1998 the Commissioner for Main Roads acquired by taking order, the majority of the Lots on Plan 511 (including the Lots that now comprise Lots 101, 102 and 103) together with a large portion of the 511 Private Lane in order to widen Loftus Street. A smaller portion (actually comprising two portions) became Lot 100 and remained in the name of Thomas Scott. Given that Mr Scott purchased the land in 1892 he is no longer alive and Landgate have the proprietor of the land as the 'Estate' of Thomas Scott.

CURRENT POSITION

An attempt to locate the copy of the grant of probate for Mr Scott's Will has proved futile as 16 gentlemen by the name of Thomas Scott passed away in Western Australia between 1902 and 1950.

While the legal title of Lot 100 is held by Mr Scott, Lot 100 (what remains of it) is a private road and the beneficial use is for the adjoining land owners.

Lot 100 is what remains of a disused private road or laneway that is not capable of being used for its original intended purpose. In its current form it is unsuitable for retention by the Crown and cannot be practically built on or used in any meaningful way. It is however, suitable for conveyance to the adjoining land owners.

Section 52 of the *Land Administration Act 1997* provides that a Local Government may request the Minister for Lands to acquire any private road or laneway within the District of the Local Government.

The geographical location and size of the two separate portions of land are unsuitable for retention by the City.

FINANCIAL IMPLICATIONS:

All costs associated with this proposal are to be borne by the owners of the adjoining properties.

The on selling of the land will be subject to negotiation and the subject of a further report to Council.

COMMENTS:

It must be considered that Lot 0 is the last remaining portion of all the land contained in the original Perth Town Lot V156. It is also in the hands of a deceased estate.

The owners of the adjoining lands have no interest in this Lot and this will be subject to a further report to Council.

There is merit in the proposal and this report seeks Council approval to progress the matter with the Department of Lands.

Moved by Cr Harley, seconded by Cr Davidson

That Council agrees to submit a request to the Minister for Lands to acquire Lot 100 on Deposited Plan 54416 as Crown Land for the purpose of amalgamation with adjoining Lots 101, 102, 103 on Deposited Plan 400636 and Lot 11 on Deposited Plan 511.

**FA133/16 FEES AND CHARGES FOR PUBLIC AQUATIC
FACILITIES WATER SAMPLING AND ASSESSMENT
2016 – 2017**

BACKGROUND:

FILE REFERENCE:	P1023777-2
REPORTING UNIT:	Environment & Public Health
RESPONSIBLE DIRECTORATE:	Planning & Development
DATE:	20 May 2016
SCHEDULE	N/A

The sampling of public aquatic facilities is a requirement under the *Health (Aquatic Facilities) Regulations 2007* and is required on a monthly basis. Currently the City does not charge for this service.

This report details the statutory requirements for public aquatic facilities water sampling and presents a proposed fee structure for the service to be approved by Council and adopted in the 2016/17 Environment and Public Health schedule of fees and charges.

LEGISLATION / POLICY:

Legislation	<i>Health (Aquatic Facilities) Regulations 1997</i> Code of Practice for the Design, Construction, Operation & Maintenance of Aquatic Facilities Sections 6.16 and 6.17 of the <i>Local Government Act 1995</i>
--------------------	---

DETAILS:

The City of Perth has a statutory obligation under the *Health (Aquatic Facilities) Regulations 2007* to carry out water sampling of all public aquatic facilities on a monthly basis. Currently the City has 142 aquatic facilities, all of which require sampling. It is highly likely that this number will significantly increase with future developments and the passing of the City of Perth Bill.

In accordance with *Regulation 21 of the Health (Aquatic Facilities) Regulations 2007* the local government of each district must ensure that two water samples are taken (one for bacteria and one for amoeba) from each water body of each aquatic facility at least once per month. The samples are to be taken by an Environmental Health Officer (EHO) or a person under the regular and frequent direction of an EHO. The continuous sampling ensures public aquatic facilities are operated consistently to high health and safety standards, minimising the occurrence of disease, injury and other health-related complaints associated with the use of these facilities.

In accordance with Section 6.16 of the *Local Government Act 1995* a local government may charge for a service it provides. Currently, the City does not charge for public aquatic facilities water sampling however, several local authorities charge

for this service with fees ranging from \$20 to \$100 per water sample. All water sampling is carried out in-house by either an Environmental Health Assistant (EHA) or an EHO, depending on the number of aquatic facilities.

PROPOSED FEE STRUCTURE

It is proposed that a fee of \$40 per water sample be charged for all public aquatic facilities water sampling and that the fee structure detailed below be adopted into the 2016/17 Environment & Public Health Unit schedule of fees and charges. The fees will be charged annually (financial year).

No of Aquatic Facilities	Fee
1 aquatic facility	\$40.00
2 aquatic facilities	\$80.00
3 aquatic facilities	\$120.00
4 or more aquatic facilities	\$160.00

Table 1: Fees for Water Sampling

The City employs an Environmental Health Assistant (EHA) to carry out all water sampling, both public aquatic facilities and recreational water sampling. It is estimated that the cost of undertaking this service would equate to approximately \$63,413. If the proposed fee structure is adopted, based on the current number of public aquatic facilities the total income would equate to \$67,200. A breakdown of the fees is detailed on the following page.

No of Aquatic Facilities/Premises	Fee/Month	Total Income/Month	Total Income/Year
X1 pool/spa (54 premises)	\$40.00	\$2,120.00	\$25,440.00
X2 pool/spa (35 premises)	\$80.00	\$2,800.00	\$33,600.00
X3 pool/spa (3 premises)	\$120.00	\$360.00	\$4,320.00
X4 or More pool/spas (2 premises)	\$160.00	\$320.00	\$3,840.00
TOTAL INCOME PER YEAR:			\$67,200.00

Table 2: Breakdown of the Fees and Income

Additional costs of materials required to carry out the water sampling such as test kits, calibration of test kits, tablets and other tools equates to approximately \$2,000 per year.

FINANCIAL IMPLICATIONS:

The fee would be charged at \$40 per water sample. Therefore estimated income for the year would be \$67,200 based on 142 water bodies. All figures quoted in this report are exclusive of GST.

COMMENTS:

The inclusion of the public aquatic facilities water sampling and assessment fee will enable full cost recovery and result in additional funds being available for materials required to carry out water sampling.

In accordance with section 6.19 of the *Local Government Act 1995* notice will be given to all properties with public aquatic facilities advising of the new fee and the date from which the fees will be charged.

FA134/16 PUBLIC ART ADVISORY PANEL NOMINATIONS

BACKGROUND:

FILE REFERENCE: P1019669-3
REPORTING UNIT: Arts, Culture and Heritage
RESPONSIBLE DIRECTORATE: Economic Development and Activation
DATE: 18 May 2016
MAP / SCHEDULE: Schedule 8 – Terms of Reference - Public Art Advisory Panel

At its meeting on **15 December 2015**, Council adopted the new Policy 1.5 – Public Art to provide a policy framework to support the implementation of the Public Art Strategy (adopted **9 June 2015**). The Public Art Strategy identified that:

The City of Perth's Public Art programs will be developed with input from, and in consultation with, experts in fields directly relevant to public art, and cultural advisors where appropriate.

To this end, the Strategy (page 20) foreshadowed the establishment of the Public Art Advisory Panel to provide input on the City's implementation of its Public Art Strategy.

The Terms of Reference document for the Public Art Advisory Panel was approved by Council at its meeting on **23 February 2016** (Schedule 8). As outlined in the Terms of Reference 4.1, Panel Membership is to comprise up to seven highly regarded and experienced individuals with at least one professional representing each of the following fields:

- A practising artist with extensive experience in public art
- A public art consultant or curator
- An art critic or historian
- An urban designer
- An architect
- A town planner

The purpose of this report is to seek Council's approval for the nominees recommended by City Officers for the inaugural membership of the Public Art Advisory Panel (PAAP).

LEGISLATION / STRATEGIC PLAN / POLICY:

Integrated Planning and Reporting Framework Implications	Corporate Business Plan
	Council Four Year Priorities: Healthy and Active in Perth
	S15 Reflect and Celebrate the Diversity of Perth

Policy

Policy No and Name: 1.5 – Public Art Policy

DETAILS:

A call for nominations for the PAAP was advertised from 13 April 2016 via the City of Perth Website and Social Media, on Artshub and in the Artsource newsletter, as well as being circulated independently through relevant networks. The City also sought the assistance of the Planning Institute of Australia (WA), and the Australian Institute of Architects (WA) in obtaining nominations from their memberships.

Fifteen nominations were received for consideration by the City and these have now been reviewed by Officers in Arts, Culture and Heritage. All nominees are accomplished practitioners in their respective fields. The recommended nominees are considered to best meet the selection criteria. They are well-respected local professionals, who will provide the City with diverse and relevant expertise and experience, helping the City to achieve its goals in public art.

Each of the recommended nominees is briefly introduced below.

Philip Gamblen – Artist

Phil Gamblen brings to the panel a wealth of experience in contemporary art practice, including numerous public art projects. His temporary sound installation, *Toast*, (commissioned through the Perth Public Art Foundation's perthFLUX program), delighted and intrigued visitors to Grand Lane from February 2016 until very recently. Mr Gamblen's creative practice creatively engages with science and technology, exploring possibilities that lead to innovative outcomes. As artists are increasingly looking to incorporate new technologies and approaches within public art Mr Gamblen is well placed to contribute invaluable high level artistic and technical expertise to the Panel's deliberations.

Maggie Baxter – Art Consultant

Maggie Baxter is an artist and curator, and has been a public art coordinator for twenty five years, managing large and small projects for many public clients. Recent central Perth projects she has managed include Andrew Nicholls' piece *Delight and Hurt Not* for the City of Perth Library, and also *Spanda* by Christian De Vietri for Elizabeth Quay. Ms Baxter has written public art policies and strategies for local government and redevelopment authorities and is an Art Coordinator for the State Government's Percent for Art scheme. Ms Baxter is held in high regard for her professionalism and her exceptional knowledge and delivery of public art best practice, her skills and experience will be a great asset for the panel.

Dr Christopher Crouch – Art critic/historian

Christopher Crouch is a respected artist, academic and author who has been active in the art and design culture of Perth for the past two decades. He is the author of an international standard art school text, *Modernism in Art Design and Architecture*, and many other publications, and he has taught at three of the City's universities, most recently as Professor of Design at Curtin University. His research has looked at the evolution of spaces and places in Perth from social as well as aesthetic perspectives. Dr Crouch will bring to the panel an intimate understanding of creative practice and a wealth of knowledge spanning local and international art, design and architecture, essential for steering the City in the direction of excellence in public art.

Peteris Ciemitis – Urban Designer

Peter Ciemitis is a prominent and influential figure in the local planning and arts communities. He has thirty five years' experience as an urban designer and town planner, and is also an award winning artist. He currently sits on the City of Perth's Design Advisory Committee, and is convenor of the Planning Institute of Australia's Urban Design Forum. Mr Ciemitis' urban design practice has an emphasis on mixed-use activity centres, town centres and foreshore precincts. Mr Ciemitis' knowledge and experience in urban design and in the arts - as a practitioner and a panellist - will be a great resource for the panel and the City of Perth.

Philip Gresley - Architect

Philip Gresley is an accomplished Western Australian architect whose practice is committed to the elevation of the cultural and environmental significance of architecture and the built realm. His projects have received numerous design awards, and he has worked with many of the state's most accomplished public artists and public art consultants to realise outstanding public art and design outcomes. Mr Gresley has been an advocate for art and design through his active contributions to multiple Design Review Panels and Committees, including the Metropolitan Redevelopment Authority and the City of Fremantle. Mr Gresley's extensive experience in the design and delivery of large and innovative projects and collaborating with public artists will be invaluable for the panel.

Warren Giddens – Town Planner

Warren Giddens is a Town Planner and Project Manager with over 30 years' experience working in the public and private sector. His current consultancy work is focused on community engagement and consultation around planning, land development and infrastructure. In previous roles with the Department of Housing, LandCorp and Stockland, Mr Giddens oversaw the incorporation of public art into residential development projects. Mr Giddens' skills, experience and knowledge of working with and for community to deliver public art outcomes for those communities will make a key contribution to the panel's effectiveness.

Patrick Ford – Urban Designer

Patrick Ford is an Urban Designer currently employed as Senior Architecture Officer for the Office of the Government Architect (OGA). He has played a leading role in State Government Public Art Policy and has been heavily involved in many aspects of major central city projects such as the Perth Stadium and the New Museum, including the procurement of public art. Mr Ford was instrumental in the development of the OGA's Design Standards, and assisted in the development of the State Government's Built Environment Policy, 'Better Places and Spaces'. He also initiated the successful 'Artists and Architects in Collaboration' project with a DCA grant in 2014, and has been Unit Coordinator and Tutor in Architectural Design at the University of Western Australia. Mr Ford's wide ranging and highly relevant experience and knowledge of the role of public art in the context of a capital city will be of great value to the panel and the City of Perth.

FINANCIAL IMPLICATIONS:

Negligible, as the Public Art Advisory Panel will provide their professional expertise on a voluntary basis.

COMMENTS:

As set out at 4.7 of the Terms of Reference, the Public Art Advisory Panel will not have any decision-making authority. The Panel will exist solely for the purpose of providing independent, expert advice to inform City Officers' recommendations to Committee and Council, or to inform other operational decisions made in accordance with the City's Delegated Authority Register. Membership of the panel requires endorsement by Council, to ensure that Council has confidence in the professional expertise on the Panel.

**FINANCIAL ACTIVITY STATEMENT FOR THE TEN MONTHS TO
30 APRIL 2016**

REPORT OF VARIANCES TO BUDGET

This report compares the actual performance for the ten months to 30 April 2016 compared to the revised budget approved by Council on 15 March 2016.

Operating Revenue

- Parking revenue was \$(1,025,000) below the revised budget. The year to date variance consisted of \$(1,123,000) for Undercover Car Parks, \$150,000 for Open Air Car Parks and \$(52,000) for Kerbside Parking.
- The main variances for Undercover Car Parks were State Library \$(267,000), His Majesty's \$(160,000) and Elder Street \$(161,000) below the revised budget. This is mainly due to less patronage due to the current high office vacancy rates in the City. Furthermore the International Conference and Exhibition on Liquefied Natural Gas reduced the number of available parking bays by 233 during March and April.
- Fines and Costs were lower than the revised budget by \$(156,000) predominantly due to parking fines.
- Investment income was above the revised budget by \$249,000. This was mainly due to a positive performance of the Colonial Share Index fund during April.
- Rubbish collection yielded \$(79,000) or 1% less than expected compared to the revised budget.
- Recurrent Grants were below the revised budget by \$(80,000) due to Local Government Assistance and Local Road Grants being less than anticipated.
- Other Income was \$293,000 above the revised budget. During April Building Licence Fees generated \$145,000 more than anticipated in addition to higher than expected revenue for Planning Fees of \$51,000.

Operating Expenditure

- Employee costs ended the month marginally above the revised budget with a \$(21,000) variance.
- Materials and Contracts were \$4,590,000 below the revised budget. The variance included infrastructure maintenance which was lower than the revised budget by \$1,129,000 mainly consisting of Murray Street Mall general maintenance \$702,000 and the River Wall

FINANCIAL ACTIVITY STATEMENT FOR THE TEN MONTHS TO 30 APRIL 2016

REPORT OF VARIANCES TO BUDGET

\$194,000. Property maintenance was also lower than budget by \$515,000 mostly due to Council House \$244,000, the Town Hall \$42,000 and the new Perth Library \$58,000.

- Furthermore the following accounts were also lower than the revised budget: Consultancy \$361,000, Other Professional Fees \$548,000, System Software maintenance \$321,000 and various smaller variances spread throughout the City.
- Utilities ended the month on \$(106,000) over the revised budget with the new Perth Library accounting for \$(35,000) of this variance.
- Depreciation was \$(260,000) or 1% over the revised budget with Computers \$(120,000), Buildings \$(56,000) and Infrastructure \$(54,000) being the major causes to this variance.
- Interest expense was over the revised budget by \$(121,000) on a year to date basis. This is predominantly due to the actual interest on the Perth City Library loan \$(72,000), Elder Street Undercover Car Park \$(28,000) and the Convention Centre Car Park \$(18,000) being higher than originally anticipated.
- Loss on disposal of assets was \$759,000 below the revised budget, due to the slower than anticipated close out of capital projects. It is expected that this will align to the revised budget by the end of the financial year.
- Other Expenditure was \$389,000 below the revised budget at the end of April. Non capitalised work in progress was \$(297,000) above the revised budget, with Donations and Sponsorship having expensed \$500,000 less than anticipated.

Investing Activities

- Capital expenditure was \$7.3 million less than the revised budget. Expenditure for the month was \$3.4 million with significant spend on the following projects: Museum Street Streetscape \$0.5 million, Supreme Court Gardens \$0.5 million and the New Perth City Library \$0.3 million.
- Transfers to Reserves are running lower than the revised budget.

Financing Activities

**FINANCIAL ACTIVITY STATEMENT FOR THE TEN MONTHS TO
30 APRIL 2016**

REPORT OF VARIANCES TO BUDGET

- Transfers from Reserves are below the revised budget by \$(6.5 million). This is due to slower than anticipated progress on capital expenditure.
- Funding from carry forwards expected in the revised budget is dependent on the progress of the capital works program and as a result was \$(1.2 million) below the revised budget.
- Proceeds from the disposal of assets or investments realised were \$1,044,000 more than expected compared to the revised budget.
- Capital Grants was \$(2.5 million) less than the revised budget mainly due to slower than anticipated receipts of grants for Supreme Court Gardens \$1.7 million and Roe Street footpath project \$1.1 million.

Amounts sourced from Rates

- Rates revenue raised was \$648,000 above the revised budget. During the month \$516,000 interim rates were issued for 556 Wellington Street (new King Square development).

EXPLANATORY NOTES – FINANCIAL ACTIVITY STATEMENT

BACKGROUND

- Regulation 34 of the Local Government (Financial Management) Regulations 1996 was amended effective from 1 July 2005.
- The amendment prescribes a monthly Financial Activity Statement (FAS) reporting the sources and application of funds, as set out in the Rate Setting Statement which is included in the Annual Budget.

PURPOSE

- The FAS reports the actual financial performance of the City in relation to its adopted budget, which has been structured on financial viability and sustainability principles.
- The FAS is intended to act as a guide to Council of the impact of financial activities and the reasons for major variances to the annual budget estimates.

PRESENTATION

- Regulation 34 prescribes the minimum detail to be included in the FAS. These are listed below.
 - Annual Budget estimates, and approved revisions to these, are to be included for comparison purposes.
 - Actual amounts of income and expenditure to the end of the month of the FAS.
 - Material variances between the comparable amounts and commentary on reasons for these.
 - The net current assets at the end of the month to which the FAS relates.
- An explanation of the composition of the net current assets at the end of the month to which the FAS relates; less committed and restricted assets.
- Councils are given the option of adopting a format which is considered most appropriate to their needs. These options are listed below.
 - According to nature and type classification,
 - by program, or
 - by business unit.
- It is recommended that while the information presented by cost objects (programs and activities) or by cost centres (business units) are useful for expense allocation and cost centre accountability purposes, they are less informative and difficult to comprehend in matters of disclosure and less effective in cost management and control.
- The FAS has therefore been presented in the format using nature and type classification as the most meaningful disclosure to the Council and public.

FORMAT

- The FAS is formatted to align with the Rate Setting Statement.
- The first part deals with operating income and expenditure, excluding rate revenue.
- The next classification is the amount spent on capital expenditure and debt repayments.
- The classification 'Financing Activities' provides a statement of sources of funds other than from operating or rates revenue, which are usually associated with capital expenditure.
- Attached to the FAS is a statement of 'Net Current Assets' for the budget and actual expenditure to the end of the month to which the FAS relates.
- Opening and closing funds represent the balance of 'Net Current Assets', not including any funds which are committed or restricted.
- "Committed assets" means revenue unspent but set aside under the annual budget for a specific purpose.
- "Restricted assets" means those assets the uses of which are restricted, wholly or partially, by regulations or other externally imposed requirements", e.g. reserves set aside for specific purposes.
- To avoid duplication in calculating 'Closing Funds on hand', certain balances, such as provisions and borrowings, are also deducted.
- The total Closing Funds on hand are to be taken into account when calculating the amount to be raised by rates each year.
- The classification "Net Cash on Hand" represents the balances of funds held in cash or invested and the analysis into those funds reserved, carried forward or remaining unspent at the end of the month to which the FAS relates.
