Purpose and Background:

The City of Perth has received a request for Major Events and Festivals Sponsorship of \$130,000 (excluding GST) per annum from Tennis Australia to support the Mastercard Hopman Cup for a three-year sponsorship term.

Details:

Mastercard Hopman Cup is Western Australia's highest profile international sporting event and the only international sporting event held annually in Perth city. The event draws record crowds and extensive global media coverage. The tournament is the International Tennis Federation's (ITF) official mixed teams' tennis competition, where top-seeded international players have the chance to represent their country in a unique format.

The Hopman Cup will be held from 29 December 2018 to 5 January 2019 and kick-starts the Australian Open Series. The event has run in Perth for 30 consecutive years.

Support from the City strengthens this event being held in Perth city. Whilst the requested funding of \$130,000 amounts to a small percentage of the event budget, partnership support from the City adds strength to the City's profile and firmly positions Perth as the home of this international sporting event. The City's funding ensures that the event will remain in Perth, and that the city will continue to be exposed to an international audience in a competitive Australia-wide major events market.

The organisers anticipate a total of 116,500 attendees across the tournament and associated city based activations.

According to the REMPLAN modelling the direct economic impact of the Hopman Cup is \$28.5 million suggesting an exceptional return on investment for the City.

2019 Event

The 2019 Mastercard Hopman Cup includes several different activation components, held both within and outside of the City of Perth local government area, including:

- Mastercard Hopman Cup: Ticketed international tennis tournament at Perth Arena;
- Mastercard Hopman Cup New Year's Eve Gala: Ticketed gala dinner and official tournament celebration;
- Marquee Player Public Practice Session: Free to view practice session with the marquee player at Perth Arena;
- Festival of Tennis: Free family oriented tennis activation at Yagan Square;
- City of Perth Christmas Carnival: Free family oriented tennis activation during the Christmas Carnival in Forrest Place;
- Mastercard Hopman Cup Takeover: Free tennis activation at Embargo, Elizabeth Quay;
- Outdoor Movies: Free family oriented tennis activation during the December outdoor movies at Northbridge Piazza;
- Mastercard Hopman Cup Trophy Schools Tour: Free tournament trophy road-show to primary schools within the Perth metropolitan area; and
- Official Launch: Free media/VIP event to launch the tournament and announce the playing field.

Comments:

Cash sponsorship of \$130,000 (excluding GST) is recommended for the 2018/19, 2019/20 and 2020/21 financial years with a 1% increase applied to year two and three to account for CPI.

The recommendation includes a 30% increase from the 2017/18 sponsorship investment. This increase is due to the additional elements included in the proposal, including:

- Onsite activations at Perth Arena now included in the sponsorship fee;
- Additional ancillary activities such as the 'Festival of Tennis' at Yagan Square (previously held outside the City of Perth); and
- Inclusion of the 'Partner Restaurant Series' to promote local business.

This recommendation has been determined to be an appropriate level of investment for the eight-day tournament, and supporting activations which are held within Perth Arena and various city locations, activation opportunities and city trader engagement.

Organisers have submitted a strong application which presents a clear commitment to strengthen this partnership through the addition of proposed new initiatives and concepts such as the 'Partner Restaurant Series'.

The Hopman Cup is Western Australia's premier international event and attracts major visitation, media coverage, economic, social and cultural benefits. City of Perth funding support will ensure the event continues to call Perth home amidst the extremely competitive national sporting landscape. A detailed Officer Assessment of the application is included in Attachment 13.1A.

It is noted that the Commissioners were recently briefed on the Sponsorships, Grants and Donations Framework and Guidelines on Tuesday, 12 June 2018.

Media Coverage

Mastercard Hopman Cup is broadcast nationally through Channel Seven and internationally to over 200 countries with visuals of Perth city and Western Australia included in international broadcast feeds. In 2018, TA engaged Futures to conduct a Global Broadcast Report to measure the exposure and media valuation of the event. More than 85 print, radio and broadcast media provided extensive media coverage of the event to media outlets around Australia and internationally including, but not limited to, Switzerland, Belgium, Germany and France. Organisers advised that Hopman Cup 2018 generated the highest volume of media coverage in the tournaments 30 year history, reinforcing its position as one of Australia's most popular tournaments.

According to the Global Broadcast Report by Futures, the 2018 tournament coverage reached a cumulative audience of 173million, which amounts to an 8.7% increase on 2017, with an advertising space rate of \$18million.

Hopman Cup 2018 provided strong growth in global TV coverage with an 18% year-on-year growth in global audience up from 22.4 million to 26.5 million hours viewed globally. Organisers advise that this was partly due to new broadcast deals struck with:

- CCTV (China);
- ARD (Germany);
- Groupe TVA (Canada); and
- WOWOW (Japan).

In addition to the Perth city and Western Australia visuals, the wordmark 'Perth' is featured in the event logo and 'Perth' is displayed prominently with on-court signage, receiving over 50 hours of exposure globally. In addition, the mono LED signage around centre-court with City of Perth branding provided the City with 0.7 minutes of exposure per broadcast hour, with the City of Perth assets providing a total global Futures net value of \$266,000.

Social media initiatives pre and during the event drew significant viewership such as the Roger Federer quokka photo/selfie which Organisers believe attracted half a billion views and subsequently led to tourists flocking to Rottnest Island and Western Australia.

Impact Reporting

In 2018, TA engaged Nielsen to conduct Patron Research to measure the success of the event, areas for improvement and key patron insights.

Key insights from the 2018 Patron Survey Report included:

- 97% of all patrons believe it is important for the Hopman Cup to be held in Perth;
- 90% of patrons surveyed would not have spent time in Perth city if not for attending the Hopman Cup;
- Three in four patrons from outside the Perth metropolitan area engaged in other activities and spent on average \$400, excluding any spend within the Perth Arena;
- 81% of patrons surveyed frequented a restaurant, café or bar before or after attending the tennis;
- 43% of patrons surveyed went shopping whilst in the CBD; and
- 64% of patrons surveyed said their perception of Perth city changed for the better as a result of attending the Hopman Cup.

- “It was an event Perth can be proud of hosting!”;
- “Love it – keep it going Perth! Great attraction for visitors and locals”;

Mastercard Hopman Cup ensures a diverse range of income streams. These comprise of ticket sales, merchandise, broadcast, tour operator fees and sponsorship. The event receives funding support from a range of public and private sector partners. In 2016, Mastercard was announced as the naming rights partner of the event.

Whilst the Hopman Cup’s financials are commercial in confidence, in 2018 the City of Perth’s investment comprised 2.35% of the sponsorship revenue for that event.

Assessment Comments

The assessment panel believe that the Mastercard Hopman Cup is one of Perth's most iconic and high profile international events, which continues to attract significant economic stimulus to the City. With increased activations in and around the CBD, positive event leveraging and sustainable event practices, the Panel believe that the Mastercard Hopman Cup is deserving of the requested sponsorship.

The panel applauded the addition of the 'Partner Restaurant Series' in the commercial sponsorship benefits, stating that city trader engagement is a vital role of Sponsor Rights Holders in delivering benefits to the city that contribute to and support its economic growth.

The panel commented that it would be remiss of the City to reduce the spend for the Hopman Cup as this may reduce activation and marketing opportunities as well as a possible reduction in crowd attendance.

In addition, the panel feels this world-class event positions Perth on the international stage through the world's best male and female tennis stars and global TV broadcast reach. The event brings a substantial amount of visitation to Perth city in a traditionally quiet time of year due to Christmas and school holidays.

Policy

18.13 - Sponsorship and Grants

Purpose and Background:

The City of Perth has previously supported annual events through sponsorship on an ad hoc basis. 2018/19 is the first year that the sponsorship has been held in one competitive round for the entire financial year. This approach allows comparison and benchmarking of sponsorship applications and creates a more consistent approach to assessment.

Details:

The City received five applications in Round 1 of Event Sponsorship 2018/19. The round closed in March 2018 and the following applications were considered by the assessment panel:

| RANK | APPLICANT | PROJECT | REMLAN | ASSESSMENT SCORE | AMOUNT REQUESTED | RECOMMENDATION |

| 1 | Seven West Media | RAC Christmas Pageant | \$1.885M (Direct) \$4.374M (Total) | 72.92% | \$175,000 | \$120,000 |

| | | | | | <u>Requested</u> | <u>Recommended</u> |

The Administration has received an application from Heritage Perth for the sponsorship of the Perth Heritage Weekend event, however, this event is subject to an amended Council decision and will be dealt with separately.

The four remaining applications requested support totalling \$391,000 with an available budget of \$300,000 for the program. All applications have a history of funding from the City and are recommended for support. Applications were assessed by a three-person assessment panel consisting of members from the City of Perth's Economic Development, Marketing and Activation, and Arts, Culture and Heritage Units.

A detailed Officer Assessment of all applications is included in Attachment 13.2A. The applications were assessed using the schema of measurable outcomes for cultural engagement, developed by the Cultural Development Network.

Comments:

This is the first time that the applicants in this program have been considered within the same funding round. This allows the administration to benchmark the applications against each other and award funding based on qualitative rankings and return on objectives.

The City has a long history in supporting the four applications recommended for funding and is satisfied with the contribution these events make to the City's vibrancy, cultural, social and economic outcomes.

It is noted that the Commissioners were recently briefed on the Sponsorships, Grants and Donations Framework and Guidelines on Tuesday, 12 June 2018.

Event Description

The Carols by Candlelight for Variety is one largest Carols by Candlelight events for Western Australian families. Previously run by The Apex Club of Perth and now in it's 74th year, it is Perth's longest running Carols event and forms a part of the City of Perth's Christmas campaign.

The evening features a children's pre-show, the Carols by Candlelight main show complete with live band, a line-up of local and national talent, a Carols choir and closes with fireworks. The 2018 headline act is not yet confirmed, however past acts have included Anthony Callea, Dami Im, Lucy Durack, Kate Ceberano and more.

The City was instrumental in making Carols a free event in 2016. Organisers advise that as a result they achieved a 150% increase in attendance, with an estimated 22,000 attendees. This was enhanced with a further 100% increase in advertising value for the event across media partners NOVA 93.7, Nine Perth and The Sunday Times/ PerthNow. In addition, organisers believe that more than \$1 million of PR value was generated for the event.

The 2017 event was cancelled due to inclement weather; organisers plan to again share infrastructure with WASO for their Symphony in the City event, the evening prior (Saturday 15 December). It is believed that this arrangement will reduce costs and increase the quality of the production.

Purpose and Background:

Arts Sponsorship is available to organisations that identify the arts as their primary purpose and deliver significant economic, social and cultural outcomes in the City of Perth. Sponsorship of upwards of \$20,000 is available for applicants in this category. The maximum contribution of the sponsorship provided by the City of Perth cannot exceed 30% of the total project budget.

Arts Sponsorship Agreements can have a negotiated term of between one to two years, at the discretion of the City of Perth and dependant on the quality of the application, the assessment score and the strategic outcomes likely to be achieved.

In previous years, the City of Perth has accepted sponsorship applications throughout the year. In 2018/19, the City has, for the first time, conducted one competitive annual round of Arts Sponsorship. This Arts Sponsorship round is applicable for projects occurring between 1 October 2018 and 31 December 2019.

The City has received eight applications, as follows:

The eight applications requested support totalling \$663,050 with an available budget of \$487,000. Of the eight applications received, seven are recommended for approval and one for decline.

All applications were assessed by a four-person assessment panel consisting of members from the City of Perth administration. Comments:

The City received a strong response for the 2018/19 Arts Sponsorship round. Due to an oversubscription of funding requests compared to the budget available, the assessment process was highly competitive.

The Assessment Panel is confident the projects recommended for support will diversify and complement the existing offering within the City and enhance and support the local arts industry within Perth.

The panel has recommended four of the seven applicants to receive multiyear funding which will ensure that there is an even spread of off contract sponsorship recipients in future years. Multiyear funding will provide longer term certainty around planning and provide for stronger outcomes for the community.

The application recommended for decline, Perth Revelation Film Festival, will be encouraged to apply in the Arts Grants Round 2 to open on 21 July 2018 for projects to be held between 1 February 2019 and 31 July 2019.

It is noted that the Commissioners were recently briefed on the Sponsorships, Grants and Donations Framework and Guidelines on Tuesday, 12 June 2018.

Project Description

The Blue Room Theatre (TBRT) is an independent, Northbridge-based theatre organisation which has operated since 1989. The City of Perth has supported TBRT annually since 2008.

TBRT aims to enable the development of local performing artists by providing a venue, resources and support to create and produce their work. TBRT's program operates across the full range of contemporary theatre practice including playwriting, dance and physical theatre, spoken word and devised work.

Organisers anticipate that the 2019 program will bring at least 44 new productions to the stage, and involve over 400 artists presenting to a total audience in excess of 22,000 attendees. Young people constitute 26% of TBRT's annual attendances.

The 2019 TBRT Artistic Program will feature over thirty eight weeks of independent theatre at TBRT's home in the Perth Cultural Centre. The artistic program will be complemented by a professional development program for theatre practitioners and a range of audience engagement activities throughout the year.

TBRT audience surveys indicate attendees spend an average of \$40 in Northbridge per visit. TBRT encourage audiences to eat and drink in Northbridge before and after performances and has established promotional relationships with local businesses including William St Cycle Co, Tiger Bao, Chi Cho Gelato, Bivouac, Wines of While, No Mafia, Flipside, Shadow Wine Bar and Dominion League.

Development Seasons

| | |
|---------------|---|
| Date: | April - December 2019 and April - December 2020 |
| Venue: | The Blue Room Theatre |
| Ticket price: | \$30 Adult; \$20 Concession |

The objective of the Development Seasons is to support the ongoing development and sustainability of the independent theatre sector in Perth. In 2019, the Blue Room Theatre will present 14 three-week development season productions, between April and December.

Each work receives a three week season in one of TBRT performance spaces. TBRT provides complimentary venue use, comprehensive production, marketing and technical support for each work and each production receives 80% of net box office takings, a \$2,000 stipend for production support and a mentorship allowance of \$500.

Summer Nights

| | |
|---------------|---|
| Date: | January - February 2019 and January - February 2020 |
| Venue: | The Blue Room Theatre |
| Ticket price: | \$30 Adult; \$20 Concession |

Summer Nights is a month-long season of contemporary theatre presented independently by TBRT to coincide with FRINGE WORLD each year. TBRT will present approximately 30 works

over four weeks. The objectives of the program are to develop new audiences and increase the profile of TBRT in the community.

In 2018, TBRT was awarded, for the sixth consecutive year, the 'Best Independent Program' and 'Best Independent Venue' for Summer Nights as part of the FRINGE WORLD Awards and attracted an audience of 8,722. The 2019 program will contain at least 50% local artists, presented alongside the best national and international independent work.

Winter Nights

Date: July 2019 and July 2020
 Venue: The Blue Room Theatre
 Ticket price: \$30 Adult; \$20 Concession

In 2019, TBRT will present a mid-year, two week festival, Winter Nights. This is a new platform for professional development, work-in-progress showings, talks and forums.

Winter Nights will include durational work, improvisation and other bespoke forms and illuminate the process behind developing work. These presentations will be informed by talks and forums that offer insight and ideas about theatre and society. Through Winter Nights, TBRT will foster new collaborations with other arts organisations, such as Barking Gecko Theatre Company and Centre for Stories.

The objectives of Winter Nights are to:

- allow the community to explore the diverse ways theatre artists work by encouraging engagement with new work and ideas at an early stage and feel more connected to the inspiration driving local artists;
- add diversity to TBRT's cultural offering, bringing the possibility to engage new artists and audiences to TBRT; and
- provide space for theatre artists to collaborate with poets, musicians and a wide range of other creatives.

Public Events and Community Access Activities

Date: 1 January 2018 – 31 December 2020

Assessment Panel comments

- TBRT is an important contributor to Perth's independent theatre sector and should be applauded for the role that they play in providing development opportunities to emerging theatre artists in Perth;
- TBRT is an important contributor to the arts and theatre ecology of Perth. TBRT provides a platform for local artists and audiences to explore WA's unique cultural identity and voice. TBRT provides access to opportunities for emerging artists that they wouldn't be able to otherwise obtain and for material which is often challenging to audiences and outside the mainstream;
- TBRT operate on a small revenue and expenditure base and deliver significant outcomes for the City's investment; and
- The introduction of the Winter Nights program will contribute to a growing number of organisations and initiatives that are trying to make arts and cultural activities a focus of Perth's calendar year round.

Assessment Panel Recommendation

The Assessment Panel recommended sponsorship of \$58,000 per year, for a period of two years, to support the project.

Based on the quality of the application, and successful long-term relationship with TBRT, the Panel recommends a two-year sponsorship to allow TBRT financial certainty in its annual season planning.

Project Description

Black Swan State Theatre Company (BSSTC) is Western Australia's state theatre company which aims to be a theatre company of national significance and to create exceptional theatre that nurtures Western Australian audiences and artists. BSSTC presents eight mainstage productions each year, in addition to artist development, regional engagement and educational programs.

BSSTC's Sector Development Program aims to strengthen and nurture the local theatre industry through a suite of professional development opportunities for local artists. BSSTC estimate that the 2019 Sector Development Program will engage over 400 local artists.

BSSTC state that they are committed to developing and providing professional pathways for emerging local theatre artists, including early career directors, designers, writers, composers and actors. In 2019, BSSTC anticipates that each of their eight productions at the State Theatre Centre will employ at least two emerging artists, giving them the opportunity to work alongside, and be informally mentored, by established artists.

BSSTC collaborate with local businesses in the Northbridge precinct, promoting the bars, restaurants, shops and hotels surrounding the State Theatre Centre. BSSTC encourage patrons to visit local businesses before and after performances and have formal sponsorship relationships with No Mafia, Shadow Wine Bar, Adina Apartment Hotel and Alex Hotel and regularly communicate special offers to the BSSTC database.

Commissioning and Development Program

Each year, BSSTC commission leading and local playwrights to develop two new works that are meaningful to the Western Australian community and reflect our unique position in the world. By commissioning new works, the Sector Development Program will provide local playwrights a platform to tell Western Australian stories.

Emerging Writers Group

BSSTC will support the writing of new plays through the Emerging Writers Group. Six local playwrights will undertake a year-long mentoring program to develop a new play of their choosing.

Resident Artist Program

The Resident Artist Program will support four local artists each year with specific areas of expertise, to work at BSSTC for one year to develop leadership skills, collaborate on developing future programs and take on key creative positions throughout the 2019 and 2020 seasons. As part of the program, BSSTC will aim to employ as Resident Artists at least one female theatre director and an Aboriginal artist.

Project Description

The West Australian Symphony Orchestra (WASO) is the state's largest performing arts company. Established in 1928, WASO is based at the Perth Concert Hall.

WASO delivers an annual calendar of concert performances, regional tours, innovative education and community programs, and its artistic partnerships with West Australian Opera and West Australian Ballet. In 2017, WASO presented 537 performances, workshops and artist development activities to more than 204,000 people.

Symphony in the City

| | |
|-------------------------|----------------------------------|
| Date: | 15 December 2018 (2019 date TBC) |
| Venue: | Langley Park |
| Anticipated attendance: | 14,000 attendees |
| Ticket price: | Free-to-the-public |

Symphony in the City (SITC) is held annually in December and is traditionally the final WASO performance of the year. A free, outdoor community orchestral classical musical concert, the 2018 event is planned for 15 December 2018 on Langley Park. Organisers state that the event supports WASO's strategic goal to make classical music a vibrant, accessible and relevant art form for all West Australians.

Since it was established with support from the City of Perth in 2007, more than 218,000 people have enjoyed free performances of great symphonic music by WASO and the WASO Chorus in the City. The event is promoted as an inclusive, family-friendly cultural event, with many people arriving early to picnic in the park prior to the concert.

Australian conductor Guy Noble, will return to conduct the orchestra, to perform over 90 minutes of symphonic music including well-known classics, blockbuster film-scores and highlights from the upcoming WASO 2019 season. The performance will culminate in a finale of Tchaikovsky's 1812 Overture that will feature a pyrotechnics display. The orchestra will be supported by soloists, guest artists and volunteers that make up the WASO Chorus.

WASO will also stream the event live to the Perth Cultural Centre, three Regional Arts Centres, and up to 143 Community Resource Centres across the state, expanding audience reach.

The concert aims to increase accessibility of the Orchestra to a broad community audience. SITC is presented free-to-the-public, and out of the confines of a traditional venue, to maximise engagement. Organisers note a key aim of the event is audience development, introducing WASO to new audiences and inspiring them to attend other WASO concerts.

In 2017, the City of Perth worked with Culture Counts to produce an impact report on the Symphony in the City event. Key findings included:

- The event had an estimated direct economic impact of \$1.675M to the Perth CBD;

- a diversity of people attended the event, with a relatively even spread across different age groups, [20-39 year olds (16%), 30-39 yrs (22%), 40-59 yrs (17-18%) and over 69 yrs (21%)] demonstrating the broad appeal of the event; and
- Event attendees also came from a wide range of suburbs with 115 unique post-codes recorded among survey responses, and over a quarter of attendees identified as having a culturally or linguistically diverse background.

In 2017, WASO worked with the City of Perth to trial a new 'VIP Twilight Package' inclusive of reserved front row seating, CPP parking and a gourmet picnic hamper, to enhance the concert experience for audiences and maximise commercial opportunities for local businesses. Tickets cost \$120 per person and in less than three weeks of the trial, WASO achieved 55 ticket sales resulting in \$6,600 revenue.

In 2018, WASO aims to work with the City of Perth to continue its VIP Hospitality Packages for the event to expand initiative and to lift attendee spend per head above \$20.

WASO Concert Season 2019

| | |
|-------------------------|--|

| Venue: | Perth Concert Hall and various venues across Perth |
| Anticipated attendance: | 105,890 attendees |

WASO supports a resident company of 82 full-time, professional musicians.

WASO's annual concert season is designed to appeal to a wide audience and WASO aims to make classical music a vibrant, accessible and relevant art form for all Western Australians. The season includes an array of ticketed and free concert performances ranging from classical orchestral repertoire through to contemporary collaborations, live film scores, family concerts, choral masterpieces and community events. The program is designed to appeal to a broad range of audience ages, tastes and demographics.

WASO's 'POPs' and 'Special Events' series concerts engage new audiences and enable WASO to make classical music accessible to all ages.

Assessment Panel comments:

- Symphony in the City is a high-quality and well attended free event with a history in the City of Perth. The event provides activation of the riverfront in an iconic Perth location;
- By offering a free-to-the-public event, out of the confines of a traditional venue, WASO aims for the event to make classical music an accessible and relevant art form for all Western Australians;
- The event offers WASO a platform to highlight individual talent in the Orchestra, the volunteer WASO Chorus, local musicians, conductors and composers, developing skills and experience; and
- The Panel noted that they believe an investment of \$100,000 for Symphony in the City is commensurate with the overall outcomes the event delivers, in comparison with the wider arts sponsorship portfolio, and is a responsible amount based on the City's budgetary position for FY18/19. This amount is consistent with the recommendation for Opera in the Park which is an almost identical event in scope, location and cost.

Assessment Panel Recommendation

The Assessment Panel recommended sponsorship of \$100,000 per year, for a period of two years, to support Symphony in the City.

Project Summary

The Perth Institute of Contemporary Arts (PICA) was established in 1989 and is located in the Perth Cultural Centre precinct. PICA is one of Australia's leading centres for the development and presentation of contemporary art and provides a platform for Australian and international visual, performance and interdisciplinary art.

To complement the annual exhibition program, PICA will present a 12 month long education, community engagement and artist development program. The program will involve the employment of over 80 local artists and cultural workers and the participation of over 1,000 artists and arts workers.

The aims of the Community Engagement and Artist Development Program include to:

- activate City spaces with arts and cultural activity;
- encourage broad community participation, and to break down the real and perceived barriers that prevent people from participating in arts and culture and encourage new generations of creative communities; and
- provide professional development opportunities for local artists and arts workers.

PICA will aim for the events and activities to be fun, and to encourage social interaction, be presented within a relaxed atmosphere and destroy the myth that there is a “right” way to interact with or understand art.

The program will connect art to all aspects of our lives, through events and activities linked to science, technology, history, politics, sport, food, fashion, music, film and digital media.

Project Description

West Australian Opera (WAO) is an incorporated not-for-profit association and Western Australia's only full-time, professional opera company. Established in 1967, WAO celebrated its 50th anniversary in 2017.

WAO produces an annual season of main stage productions at His Majesty's Theatre, a regional program, an education program and auxiliary activities including concerts and community events. WAO's offices, and a significant proportion of the company's annual program, are located within the City of Perth local government boundaries.

WAO has presented three sponsorship options for the City of Perth:

- \$100,000 – Opera in the Park, presented by City of Perth, Lotterywest and Healthway;
- \$120,000 – City of Perth Opera in the Park (event naming rights); and
- \$150,000 – City of Perth Opera in the Park and Opera Week, including selected activation activities throughout the City of Perth.

Opera in the Park

| | |
|-------------------------|---------------------------------------|
| Date: | 2 February 2019 |
| Venue: | Supreme Court Gardens or Langley Park |
| Anticipated attendance: | 10,000 attendees |
| Ticket price: | Free to attend |

'Opera in the Park' is an annual, outdoor, free-to-the-public event produced by West Australian Opera. Held in the Supreme Court Gardens, the event has been presented annually since 1991. In 2005, the City became the naming rights sponsor, and the event was renamed 'City of Perth Opera in the Park'.

The event features the West Australian Opera Chorus, West Australian Symphony Orchestra, renowned principal singers, conductors and directors. Over 200 people are involved in staging the event, which includes performers, production personnel, backstage crew, stage management, technical management, site management and suppliers.

In 2019, organisers are expecting 10,000 attendees. An additional audience also view the performance via live simulcast to regional venues.

WAO's vision for the event is to enrich the cultural landscape by presenting world class opera that is vibrant, new, exciting, surprising, relevant and accessible to the widest possible audiences. The Organisers aim to attract a diverse audience of all ages and backgrounds to the event. WAO encourage patrons to arrive early and bring a picnic or access on-site catering. Supplementary activities are offered to attract families to the event.

WAO view the event as an audience development opportunity, with the aim of introducing audiences to opera and increasing the accessibility of the art form. As a free event, out of the confines of a traditional opera venue, and wide promotion through traditional and digital media, the invitation to Opera in the Park is extended to everyone and barriers to attendance are lowered.

The event employs around one hundred professional performers, including the WAO Chorus, WASO musicians, principal singers and around forty professional production personnel, creating greater sustainability for professional opera performers and production personnel in WA.

In 2018, Culture Counts were engaged to measure the impact of Opera in the Park.

Of the survey respondents:

- 65% of attendees at Opera in the Park had attended previously, and 63% has attended a WA Opera event previously;
- 90% of respondents strongly agreed that the event provides an important addition to the cultural life of the area;
- 89% of respondents strongly agreed that WA Opera enriches the cultural landscape of West Australia;
- 88% of respondents strongly agreed that the event had local impact;
- 78% of respondents strongly agreed that the event helped them feel a sense of belonging to the community;
- 93% rate their experience as 'Excellent' or 'Very Good'; and
- 68% of attendees would have stayed at home if they hadn't attended the event.

The economic impact of the event was estimated to be \$272,120 in direct attendee expenditure, and \$1.08 million total economic impact once multipliers are applied.

Opera Week

| | |
|-------------------------|-----------------------------|
| Date: | 28 January – 2 March 2019 |
| Venue: | TBC |
| Anticipated attendance: | 5,000 attendees |
| Ticket price: | Free to attend and ticketed |

For additional funding, WA Opera would produce 'Opera Week', a week of opera-based retail activations, activities and initiatives throughout the City of Perth. These would include a range of free and ticketed events such as lunchtime operatic performances with opera singers in key areas (e.g. Central Park lawns), singing classes in vacant retail stores and collaborations with City retailers and businesses. The purpose of these activities would be to increase community access and engagement to opera.

Assessment Panel comments

- Opera in the Park is a highlight on Perth's annual arts calendar and the City of Perth is a longstanding supporter of the event. The Panel felt the objective of making opera accessible to a wide audience is commendable;
- While the economic benefits of Opera in the Park are limited, there are high cultural, social and civic outcomes and it is good to be able to provide a free public event of this scale and utilise the riverfront;
- The Assessment Panel felt that \$100,000 was a reasonable sponsorship fee for the event, and outcomes generated, and equitable in the context of the City's other Arts Sponsorships. This amount is consistent with the recommendation for Symphony in the City which is an almost identical event in scope, location and cost.

Assessment Panel Recommendation

The Assessment Panel recommended sponsorship of \$100,000 per year, for a period of one year, to support Opera in the Park.

Assessment Panel Comments

- WAMFest is an important event with multiple components that provide activation in the City, develop the local music sector and showcase Perth's cultural offering. The event has solid and varied program highlighting the best of Perth music with a proven track record of high attendance and engagement;
- The event has a strong model of incorporating events and activations in existing bricks and mortar businesses as well as pop-up elements in strategic city places. There are strong economic returns to city businesses;
- Showcasing WA music to visiting industry representatives at WAMFest, WAM plays an active role in advocacy and policy development on issues facing the sector, and above all, provides the opportunity for the community to see, listen to and engage with local original music;
- The Saturday Spectacular is an important focus of the Festival, and is presented to the WA community completely free of charge, offering many and varied music performances across the city at both traditional music venues as well as festival-style outdoor events;
- Live music is a very important part of a City's cultural offering, and is one of the artforms that has the highest economic benefits attached to it, due to the nature of people wanting to eat and drink before/during/after events;
- The inclusion of the conference and networking elements provide professional development opportunities for local musicians and help to grow the industry;
- The Shop Front films and the busking could be worthwhile leveraging opportunities, but should be discussed separately with the City's Arts, Culture and Heritage and Marketing, Activations and Events teams and could be organised through a separate City led project delivery approach; and
- A number of comments in the 2017 Culture Counts report indicate that the advertising and promotion could be improved to increase community awareness and engagement.

Assessment Panel Recommendation

The Assessment Panel recommended sponsorship of \$40,000 per year, for a period of one year, to support the project and note the potential for the event to grow in the future.

Project Description

The Revelation Perth International Film Festival (Revelation) was founded in 1997 to showcase independent feature films, documentaries, short films, and experimental works. The Festival is presented annually in July, and has developed into a cultural event, including special events and collaborations with musicians providing live soundtrack scores, academic conferences on cinema and culture, and associated visual art exhibitions.

While much of the Festival occurs at the Luna Leederville, outside of the City's boundaries, in 2017/18 the City collaborated with the Festival to produce a year-round series of commissions including an 'Accidental Cinema' in Piccadilly Arcade, a 'Virtual Busker' in the Murray Street Mall, 'Mini Rev' animation screenings for children at the State Library and an audio-visual artwork 'Suspended Voices' in St Georges Cathedral.

Revelation have proposed a program of 'Expanded Cinema', a comprehensive package of moving image projects, designed for the City of Perth. The program is designed to activate large public spaces, draw attention to cultural heritage and encourage creative collaborations. All themes and content will aim to be inclusive and accessible to all demographics.

Revelation plans to incorporate its partnership with Screenwest to present an array of film projects for screening on the Yagan Square Digital Tower.

Assessment Panel Comments

- The application has a major focus on the Yagan Square digital tower which is an MRA-managed space and is not a priority activation area for the City at this time;
- Many of the projects are reliant on incidental passer-by visitation and there were limited instances of proposed events being able to draw large attendances which could be specifically attributable to the event;
- The Assessment Panel recommended the sponsorship application was declined however noted that Revelation can be approached for specific art commissions and activations, to coincide with City campaigns. Revelation will be able to secure more of a presence in the City of Perth and attract audiences once the proposed screens at Raine Square and Carillon City are online in upcoming years; and
- Revelation will be encouraged to apply for future projects within the Arts Grants Program.

Assessment Panel Recommendation

The Assessment Panel recommended the sponsorship application is declined.

Policy No and Name:

Various policy implications form part of this report and are separately identified according to each instrument of delegation.

Purpose and Background:

Sections 5.16 and 5.42 of the *Local Government Act 1995* (Act), prescribe that Council may delegate its powers or duties to a Committee of Council or the Chief Executive Officer (CEO). Sections 5.17 and 5.43 respectively, outline the limitations on such delegations.

The Governance Unit has undertaken a review of the City's existing delegations in consultation with all City of Perth Business Units, to ensure all proposals for amendments have been collated and presented in line with the below principles:

- Operational requirements and efficiencies; and
- Compliance and statutory decision-making requirements.

The outcome of this review is presented for Council to fulfil its obligation to review delegations at least once per financial year in accordance with sections 5.18 and 5.42 of the Act.

The proposals for new and amended delegations are within the proposed Delegated Authority Register 2018/2019 (Attachment 13.5A) with deletions shown by a ~~strike through~~ and new text show with **yellow highlight**.

Following the discontinuation of the Marketing, Sponsorship and International Engagement Committee and Finance Administration Committee in March 2018, functions delegated to the Committees have been reviewed and either deleted or incorporated into existing delegations from Council to the CEO.

The 2018/2019 delegated authority review was considered at the **29 May 2018** Ordinary Council Meeting. Council deferred the item to allow for a workshop between the Commissioners and senior staff to discuss former Committee delegations.

Schedule 1

For the purpose of this Instrument of Delegation—

- (a) Where an application is referred by the local government to a public authority for comment and recommendation, the public authority shall provide comment and recommendation, if any, within 30 days of receipt of the application. If no comment or recommendation is received within that 30 day period the local government may determine the application on the available information.
- (b) Where the recommendation provided by the public authority specified in the delegation notice is not acceptable to the local government the application, together with the recommendations provided by all public authorities consulted and the reasons why the recommendation is not acceptable to the local government, shall be referred immediately to the WAPC for determination.
- (c) The powers delegated to a member or officer of a local government may only be exercised by a member or officer who has been delegated power from the local government to consider and determine applications for approval to commence and carry out development within the local government district under the local government's local planning scheme.

Interpretations

In this Instrument of Delegation, unless the context otherwise requires—

“access” means both entry and exit from either a road or abutting development by a vehicle.

“development” has the same meaning given to it in and for the purposes of the *Planning and Development Act 2005*.

“local government” means a local government within the area covered by the MRS.

“local road” means a road other than a private road or a road subject of reservation under Part II of the MRS.

“not acceptable” means that the local government wishes to determine the application, as a delegate of the WAPC, in a manner that is inconsistent with the recommendation received from the public authority to which the local government was required to consult under this Notice of Delegation.

“regional road” means any road designated under the Scheme as follows—

- (a) land coloured red in the Scheme Map—Primary Regional Roads; and
- (b) land coloured dark blue in the Scheme Map—Other Regional Roads. “reserved land” means land

reserved under Part II of the MRS.

“road reservation” means land reserved for the purposes of a regional road.

“category 1 road” applies where regional roads—

- (a) are constructed or planned to a fully controlled and grade separated freeway standard; or
- (b) are constructed or planned to an access controlled arterial standard, (i.e. a primary or district distributor road with widely-spaced signalised intersections or roundabouts, and few, if any, direct access points to individual sites or local streets).

“category 2 road” applies where regional roads—

- (a) are constructed or planned to a partially access controlled arterial standard, (i.e. a primary or district distributor road with direct connections to local streets and driveways to larger sites, but with some restriction of direct frontage access to individual properties); or
- (b) have direct frontage access to abutting properties due to the historic development of the road and properties.

“category 3 road” applies where regional road reservation is not accurately defined or is under review.

Policy No and Name: 10.2 – Delegates on Boards, Authorities and Committees

Purpose and Background:

At the Special Council Meeting held on **15 March 2018**, Council nominated Commissioner Lumsden as the City's representative to the Mindarie Regional Council (MRC). Commissioner Hammond was appointed as the City's deputy.

The MRC constitution was made under the *Local Government Act 1960*, under which all regional councillor appointments expire on 30 June each year. The City's Administration have liaised with the MRC regarding the recent appointment of Commissioner Lumsden to the MRC, however, the MRC have reiterated that all representative appointments expire on 30 June 2018.

The *Local Government Act 1960* does not allow for the appointment of an ongoing deputy member, however, Council has previously appointed a deputy to reduce ongoing communication regarding deputy membership. If Council nominates a deputy representative, the Commissioner will need to be appointed by Council each time they are required to attend a MRC meeting.

The City's Administration have been advised that plans to review the MRC Constitution are on hold, pending the appointment of a Chief Executive Officer.

Details:

The MRC was formed in 1981 and formally constituted in 1987. The purpose of the MRC is to provide effective and cost-efficient waste disposal consistent with safeguarding all environmental elements for the benefit of the constituent local governments and their residents. The constituent local governments are the Cities of Joondalup, Wanneroo, Perth, Stirling and Vincent and the Town's of Victoria Park and Cambridge.

The MRC meets bi-monthly, generally on the fourth Thursday of the month at 6pm, with the venue rotated between the member Local Governments.

MRC members receive \$10,300 per annum and ICT allowance of \$1,000. Deputy representatives receive \$140 per meeting.

Financial Implications:

There are no financial implications related to this report.

Comments:

To ensure the City is appropriately represented on the MRC it is recommended that a Commissioners be nominated as delegates to the MRC from 1 July 2018.

**FINANCIAL ACTIVITY STATEMENT FOR THE TEN MONTHS TO
30 APRIL 2018**

REPORT OF VARIANCES TO BUDGET

This report compares the actual performance for the ten months to 30 April 2018 to the 2017/18 Budget adopted by Council on 28 June 2017 and amended by Council on 29 August 2017, 21 November 2017 and 15 March 2018.

Operating Revenue

- Parking revenue year to date was \$61.8 million. As part of the mid-year budget review process a further \$859,000 parking revenue was projected to be received for the financial year. This favourable trend has continued resulting in the April year to date results being \$730,000 above the revised budget. The variance mainly consisted of \$56,000 for Open Air Car Parks, \$126,000 for Kerbside parking, \$566,000 for Undercover Car Parks and (\$30,000) for events.
- Fines and Costs were higher than the revised budget by 0.8% or \$59,000 predominantly due to parking fines.
- Investment Income and Interest was slightly below the revised budget by (\$9,000).
- Rubbish collection was \$8.8 million year to date, which was (\$215,000) below the revised budget.
- Recurrent Grants were (\$656,000) below the revised budget. This was due to the accounting treatment of the Smarter Cities grant and is offset by a positive variance in capital grants.
- Contributions, Donations and Reimbursements were (\$93,000) below the revised budget, mainly due to lower than anticipated contribution for the Cathedral Square administration.
- Other income was \$799,000 above the revised budget. The variance included \$422,000 in higher than anticipated revenue for building licence fees and \$103,000 for outdoor eating area licence fees.

Operating Expenditure

- Employee costs for the year to date were \$61.5 million being 1.8% or \$1.2 million below the revised budget. Vacant positions throughout the City were the main reasons for this underspend.
- Materials and Contracts were \$2.3 million below the revised budget. This category was reduced by \$416,000 as part of the budget review process. To date the main areas of underspend were: contractors \$454,000, consultancy \$679,000, other professional fees \$489,000 and property maintenance \$604,000. These underspends were partly offset with higher

**FINANCIAL ACTIVITY STATEMENT FOR THE TEN MONTHS TO
30 APRIL 2018**

REPORT OF VARIANCES TO BUDGET

than anticipated spend on contract labour (\$330,000) and equipment hire (\$334,000) mainly for the Skyworks project.

- Utilities were lower than the revised budget by \$200,000 due to lower than budgeted power consumption, even after it has been adjusted by \$180,000 in the mid-year review.
- Depreciation and Amortisation was over the revised budget by (\$700,000) at the end of April. The full impact of revaluations on depreciation is difficult to quantify. During the mid-year review depreciation for the year was estimated to increase by \$408,000, however recent depreciation on buildings have been even higher than anticipated resulting in the unfavourable variance.
- Loss on disposal of assets was over the revised budget by (\$266,000). A significant reduction in loss on disposal of assets of \$937,000 was actioned in the review based on the first six months results. However, the trend in the last four months has resulted in a less favourable results year to date; although still more favourable than the original adopted budget.
- Other expenditure was under the revised budget by \$923,000. With \$306,000 relating to slower than anticipated spend on donations and sponsorship and Winter in the City budget of \$246,000 yet to incur costs; these are expected to be timing variances only.

Investing Activities

- Capital grants were \$810,000 above the revised budget, mainly due to the receipt of the Smarter Cities Grant, which was budgeted as part of the Recurrent Grants section in operating revenue.
- Capital expenditure for the year was reduced by \$18.5 million to \$51.6 million as part of the budget review process approved in March 2018. Capital spend year to date at the end of April was \$30.2 million being 58% of the full year revised capital budget for 2017/18, and \$10.5 million lower than the revised budget. Due to the lead times for tendering of contracts it is expected that capital expenditure is considerable higher in the latter months of the financial year.
- \$4.2 million spent for the month includes the following:
 - Sharepoint implementation project \$143,000
 - Council House new emergency generator \$110,000
 - CCTV network expansion \$288,000
 - Various Roads, Footpaths projects \$552,000
 - Various Fleet and Plant replacements \$564,000
 - Irwin St (St Georges Terrace to Murray Street) \$1.4 million

**FINANCIAL ACTIVITY STATEMENT FOR THE TEN MONTHS TO
30 APRIL 2018**

REPORT OF VARIANCES TO BUDGET

- East Perth Walkability enhancement plan \$150,000

Financing Activities

- Transfers to Reserves were \$3.2 million below the revised budget which can be linked to the lower than anticipated capital spend.
- Transfers from Reserves were below the revised budget by (\$3.6 million), mainly due to lower than anticipated year to date spend on capital projects.

Amounts sourced from Rates

- Rates revenue raised was \$131,000 above the revised budget. This is the net position of interims raised offset with rates refunds and back rates resulting in the overall result being slightly above budget.

EXPLANATORY NOTES – FINANCIAL ACTIVITY STATEMENT

BACKGROUND

- Regulation 34 of the Local Government (Financial Management) Regulations 1996 was amended effective from 1 July 2005.
- The amendment prescribes a monthly Financial Activity Statement (FAS) reporting the sources and application of funds, as set out in the Rate Setting Statement which is included in the Annual Budget.

PURPOSE

- The FAS reports the actual financial performance of the City in relation to its adopted budget, which has been structured on financial viability and sustainability principles.
- The FAS is intended to act as a guide to Council of the impact of financial activities and the reasons for major variances to the annual budget estimates.

PRESENTATION

- Regulation 34 prescribes the minimum detail to be included in the FAS. These are listed below.
 - Annual Budget estimates, and approved revisions to these, are to be included for comparison purposes.
 - Actual amounts of income and expenditure to the end of the month of the FAS.
 - Material variances between the comparable amounts and commentary on reasons for these.
 - The net current assets at the end of the month to which the FAS relates.
- An explanation of the composition of the net current assets at the end of the month to which the FAS relates; less committed and restricted assets.
- Councils are given the option of adopting a format which is considered most appropriate to their needs. These options are listed below.
 - According to nature and type classification,
 - by program, or
 - by business unit.
- It is recommended that while the information presented by cost objects (programs and activities) or by cost centres (business units) are useful for expense allocation and cost centre accountability purposes, they are less informative and difficult to comprehend in matters of disclosure and less effective in cost management and control.
- The FAS has therefore been presented in the format using nature and type classification as the most meaningful disclosure to the Council and public.

FORMAT

- The FAS is formatted to align with the Rate Setting Statement.
- The first part deals with operating income and expenditure, excluding rate revenue.
- The next classification is the amount spent on capital expenditure and debt repayments.
- The classification 'Financing Activities' provides a statement of sources of funds other than from operating or rates revenue, which are usually associated with capital expenditure.
- Attached to the FAS is a statement of 'Net Current Assets' for the budget and actual expenditure to the end of the month to which the FAS relates.
- Opening and closing funds represent the balance of 'Net Current Assets', not including any funds which are committed or restricted.
- "Committed assets" means revenue unspent but set aside under the annual budget for a specific purpose.
- "Restricted assets" means those assets the uses of which are restricted, wholly or partially, by regulations or other externally imposed requirements", e.g. reserves set aside for specific purposes.
- To avoid duplication in calculating 'Closing Funds on hand', certain balances, such as provisions and borrowings, are also deducted.
- The total Closing Funds on hand are to be taken into account when calculating the amount to be raised by rates each year.
- The classification "Net Cash on Hand" represents the balances of funds held in cash or invested and the analysis into those funds reserved, carried forward or remaining unspent at the end of the month to which the FAS relates.
