*Approval subject to a suitable sponsorship agreement being entered into by the City and the applicants on terms acceptable to the City within three months

Background

1. The City recognises that businesses and business activity contribute to the vibrancy and energy of the city. The Business Improvement Grant aims to provide businesses with the ability to generate new ideas and turn those ideas in to profitable business ventures which is critical to drive competitive advantage and economic growth.
2. In the 2023/24 financial year, one funding round is offered for business improvement projects that can be completed before 30 June 2024. As with previous years, projects that are external facing and/or activate underutilised spaces are prioritised.
3. Matched grant funding from a minimum of \$10,000 and up to a maximum of \$25,000 is available. The City can provide funding up to 50% of the total project cost within the grant limits, with the remaining amount contributed by the applicant. Grant funding is paid upon completion of the project as a reimbursement of the approved expenditure.
4. The City received 29 applications in total with 26 progressing to assessment, one withdrawn and two deemed ineligible.
5. The applications were assessed by a three-person assessment panel, consisting of suitability qualified staff from the City's administration across the Planning and Economic Development Alliance, and Governance and Strategy. The General Manager Planning and Economic Development had oversight of the assessment process.
6. Applications were assessed against the following criteria:
 - (a) Demonstrates strong market potential through realistic planning and budgeting.
 - (b) Can be completed before 30 June 2024.
 - (c) Creates a new product or experience within the city which contributes to the overall improvement of its location; and
 - (d) The project or initiative contributes to the success and growth of existing or new businesses with identified key sectors, including but not limited to retail, food and beverage, and tourism.

Discussion

7. The Business Improvement Grant round was highly competitive, due to the quality and quantity of the applications in relation to the available budget.
8. The recommendations are carefully considered with the view of maintaining the integrity of the proposals. The City regularly receives more funding applications than the available budget can accommodate. Therefore, successful applications are those that best satisfy the assessment criteria.
9. Each assessment criterium has clear descriptions and a rating scale which guides the assessors when considering an appropriate score. The scores from panel members for each assessment criteria are averaged and ranked from highest to lowest.
10. The panel has recommended the total funding requests of the highest scoring applications. This ensures projects are funded for success and can be fully realised based on their proposed scope and budgets, which are evidenced by supplier quotes.
11. The panel agreed not to award partial funding to applications. This could result in projects being scaled down and lesser outcomes achieved. It cannot be guaranteed that businesses would complete the projects as they were proposed if partial funding was awarded.

12. The panel noted several of the applications recommended for decline demonstrated strong merit, however decisions have been made in line with the available budget for this program.
13. It is noted that a further grant program with a budget allocation of \$100,000 will be open from 1 August 2023 focussed on support for businesses to generate new lighting projects.
14. More information can be found in Attachment 12.1A – Summary of Applications - Business Improvement Grants.

Consultation

Decision Implications

15. It is generally not possible to support every application or the total request for each applicant, due to budget constraints, lack of alignment with the City’s strategic priorities and/or poor-quality applications. This may result in unavoidable dissatisfaction from some applicants.

Purpose

This suite of reports provides Council with timely, meaningful financial insights regarding the City's operating activities, financial performance and financial position.

Recommendation

That Council:

1. RECEIVES the following financial reports for the period ended 31 May 2023:
 - a) Financial Activity Statement (FAS) and Notes to the FAS - Attachment 15.1A.
 - b) Net Current Position - Attachment 15.1B.
 - c) Operating Variances by Alliance & Service Unit - Attachment 15.1C.
 - d) Capital Projects Variances - Attachment 15.1D.
 - e) Investment Report - Attachment 15.1E.
 - f) Rates Monthly Debtors Report - Attachment 15.1F.

Background

1. Presentation of a monthly financial report to Council is both a statutory obligation and good financial management practice that:
 - a. Demonstrates the City's commitment to managing its operations in a financially responsible and sustainable manner.
 - b. Provides timely identification of variances from budget expectations for revenues and expenditures and identification of emerging opportunities or changes in economic conditions.
 - c. Ensures proper accountability to the community for the use of financial resources.
2. Preparation of a monthly Financial Activity Statement (FAS) is the minimal statutory requirement of the *Local Government Act 1995* and regulation 34 of the *Local Government (Financial Management) Regulations 1996*. It is also a responsible financial management practice to allow Council to effectively execute their financial management responsibilities.
3. Financial information that is required to be reported directly to Council monthly includes:
 - a. Operational financial performance against budget expectations.
 - b. Explanations for identified variances from expectations.
 - c. Financial position of the City at each given month end.
4. This statutory financial information is supported by additional information including investments performance and reports on rates and general debtors.

Understanding the Financials

5. When reading the financial information provided in this report, 'variances' (deviations from budget expectations) are classified as being either:
 - a. Favourable variance.
 - b. Unfavourable variance.
 - c. Timing variance.
6. A timing variance relates to a budgeted revenue or expense that has not occurred at the time it was expected, but which is still expected to occur within the budget year. That is, the financial transaction will still occur - but just in a different month. There should be no impact on the projected budget surplus by year end.
7. A realised favourable or unfavourable variance is different to a timing variance. It represents a genuine difference between the actual and budgeted revenue or expenditure item.
8. A realised favourable year to date variance on a revenue item is a positive outcome for the City as it increases the projected budget surplus. An unfavourable variance on a revenue item has the opposite effect, resulting a decrease to the projected budget surplus.
9. A realised favourable variance on an expenditure item may have either of two causes - one being a saving because the outcome was achieved for a lesser cost, which has the effect of increasing the projected budget surplus. The other cause may be that the proposed expenditure may not have been undertaken and is not expected to be incurred in that financial year. Whilst this may seem positive from the financial position perspective, it may not be a positive outcome for the community if the service or project is not delivered.

10. A realised unfavourable year to date variance on an expenditure item, (over-expenditure) results in a decrease to the projected budget surplus.
11. The Schedule of Variances (Attachment 15.1A) provides commentary on whether the nature of the variance is savings related, timing related or otherwise.
12. If a realised favourable or unfavourable variance is material in value (of significant size), it will be amended through a formal budget review process.

Discussion

13. The FAS by Nature & Type - Attachment 15.1A presents a whole of organisation perspective on the attainment of revenue and expenditure targets overall - classified by nature and type.
14. The headline data from the FAS is shown in Table 1 below.

Table 1:

Item Details	YTD Budget	YTD Actual	Variance	F/ U
Operating Revenue - Excluding Rates	\$ 95.072 M	\$ 99.699 M	\$ 4.627 M	F
Rates Revenue	\$ 100.933 M	\$ 100.882 M	\$ 0.005M	U
Operating Expenditure	\$ 178.918 M	\$ 183.259 M	\$ 4.341 M	U
Non-Operating Revenue	\$ 1.389 M	\$ 6.013 M	\$ 4.623 M	F
Capital - Infrastructure	\$ 30.960 M	\$ 30.549 M	\$ 0.411 M	F
Property, Plant & Equipment	\$ 10.683 M	\$ 8.901 M	\$ 1.782 M	F

15. Material operating revenue and expenditure variances from Attachment 15.1A are detailed (with explanatory comments) in the Notes to the FAS (also contained within Attachment 15.1A).
16. Comments on the material variances between budget and actual capital expenditures are presented in Attachment 15.1D - Capital Projects Schedule which lists all approved, budgeted capital projects for 2022/23.
17. Each line item listed in the FAS by Nature & Type Attachment 15.1A can be cross referenced (using the Note reference) back to the relevant note.
18. Attachment 15.1C provides an alternative view showing how the organisation is tracking against budget by Alliance - and then disaggregating those figures by Service. This reporting view includes all internal charges and internal recoveries so the full service-cost can be understood.
19. Examining the FAS (Attachment 15.1A) in more detail; the aggregation of operating revenues and operating expenses reflects a year-to-date Net Cash Deficit from Operations of (\$41.93M) compared to a year-to-date budgeted Deficit of (\$47.46M). This is a favourable variance of \$5.53M at the end of the month.
20. Investing activities reflect a result of (\$33.43M) compared to a year-to-date budget of (\$40.25M). This is a favourable variance of \$6.82M. This is largely related to a favourable timing difference on non-operating grants, initial recognition of contributed drainage assets and timing variances in relation to the capital program.

21. Construction of infrastructure to month end is at 98% of year-to-date budget expectations at \$30.55M, against \$30.96M budget as noted at paragraph 14. Attachment 15.1D provides comments on specific variances for capital projects.
22. Acquisition of non-infrastructure to month end is \$8.90M and is 85% of the year-to-date budget. Readers are directed to Attachment 15.1D for comments on specific variances.
23. Adjusting for opening funds (Net Current Position), generates the Budget Deficiency before Rates. This then indicates the Amount Required to be Raised from Rates. The difference between the Rates amount, and the Deficiency before Rates, is the Closing Position.
24. The FAS for the period to 31 May shows that a rate yield of \$100.9M has been levied compared to the revised budget after adjusting for interim rates for a newly-rated buildings. The rates levied figure will be reduced to reflect the impact of the anticipated final Heritage Concessions as they are processed.
25. The disclosed year to date FAS Closing Position of \$34.73M compares favourably to the year-to-date budgeted closing position of \$22.72M - a 52% variance reflecting the combined impact of the favourable variances noted in this report for revenues, expenses and financing activity. This is expected to reverse significantly as year-end invoices are incorporated in the financial accounts.
26. The Net Current Position Report (Attachment 15.1B) indicates a year-to-date adjusted Net Current Position value of \$37.30M versus the budget of \$26.06M. This is primarily attributable to better than anticipated revenue performance and slower than anticipated cash outflows.
27. Headline data from this month's Net Current Position report is shown in Table 2 below. Comparative figures are provided for 2022 as well as the 30 June 2023 budgeted year-end figures.

Table 2:

Item Details	June 2023 Annual Budget	May 2022 YTD Actual	May 2023 YTD Actual
Current Assets	\$ 185.984 M	\$ 196.810 M	\$ 215.763 M
Current Liabilities	(\$ 36.399 M)	(\$ 36.176 M)	(\$ 35.984 M)
Unadjusted Net Assets	\$ 149.584 M	\$ 160.634 M	\$ 179.779 M
Less Restricted Items	(\$ 140.852 M)	(\$ 129.200 M)	(\$ 142.475 M)
Adjusted Net Current Position	\$ 8.731 M	\$ 31.432 M	\$ 37.303 M

28. The comparative numbers from the Net Current Position report for May 2022 and May 2023 reflect the impact of a higher value of reserve funds and delayed cash outflows for creditors in 2023.
29. As noted above, there is currently a higher value of reserve funds (restricted assets) in 2023 than in 2022, and this difference will remain until drawn down to make the capital contributions for the WACA Aquatic Facility and Perth Concert Hall when required.
30. Attachment 15.1E - Investment Report for April 2023 presents detail of the City's cash investment portfolio in terms of performance, percentage exposure of total portfolio by credit risk, counterparty exposure and maturity profile.
31. The report indicates the City has adequate cash flow to meet its financial obligations as and when they will fall due; and it has achieved compliance with the various Investment Policy limits.

32. It also shows the impact of the recent uplift in investment rates and performance is now well ahead of the upward revision to the interest revenue budget at the October OCM. Future projections in the Long Term Financial Plan have also been revised upwards based on current investment performance.
33. Attachment 15.1F - Rates Debtors provides a monthly update and analysis of rates collections by differential property rating category and overall. The 2022/23 rates notices were issued on 28 July. At month end, (after the due date for the fourth and final instalment) collections represented 98% of the collectible amount.

Legislation, Delegation of Authority and Policy	
Legislation:	<p>Section 6.4(1) and (2) of the Local Government Act 1995 Regulation 34(1) of the Local Government (Financial Management) Regulations 1996 This section of the Act and the related regulation prescribe the requirement to prepare and present to Council (monthly), FAS. That FAS should contain:</p> <ul style="list-style-type: none"> • Annual Budget estimates, and approved revisions to these for comparison purposes. • Actual amounts of income and expenditure to the end of the month of the FAS. • Material variances between the comparable amounts and commentary on reasons for these variances. • Net current assets at the end of the month. • An explanation of the composition of the net current assets at the end of the month to which the FAS relates. <p>Any other information which the local government deems relevant.</p>
Authority of Council/CEO:	The above legislation prescribes that this report be presented to Council on a monthly basis.
Policy:	CP 2.1 Management of Investments.

Financial Implications

35. There are no direct financial implications of receiving this report as it reflects a historical accounting of financial transactions. When material variances are noted, appropriate remedial action will be initiated by the administration in a timely and prudent manner.

Further Information

36. Employee related costs are disclosed at the end of May as being 1.0% (or \$717K) over year to date budget - compared to 5.7% (or \$1.0M) below at the end of September. This is because the earlier apparent favourable variance was due largely to the timing of registering the outside workers EBA agreement and the resultant lag in paying both the back pay and the increment, the timing of the additional 0.25% increase from 2.75% to 3.0% for the staff covered by the inside workers EBA and the final employee entitlement payouts to the childcare centre staff.
37. With all those factors incorporated into the management accounts, and the reclassification of costs relating to agency (temporary) staff as employee costs rather than materials and contacts, employee related costs across the organisation are now largely in line with budget expectations.

Notes to Financial Activity Statement - May 2023

Attachment A

The Note reference and descriptor in each summary box below link back to the relevant line item on the Financial Activity Statement. The variance is then expressed as both a dollar value and a percentage. Letter F or U refers to the impact of the variance on the budget surplus (favourable / unfavourable).

Notes to Accompany FAS - Operating Revenues

Comments on the 4.9% favourable variances in Operating Revenues are provided below.

Note 1	Operating Grants	Variance \$	Variance %	Type
▼	Decrease Actual Surplus	(\$35K)	(1.7%)	U

Operating Grants are lower than budget due to the delay in funds from Lotterywest pending grant acquittal for Boorloo Heritage Festival.

Note 2	Contributions & Donations	Variance \$	Variance %	Type
▲	Increase Actual Surplus	\$48K	3.6%	F

Contributions & Donations are higher than budget due to an Ex-Gratia claim from Water Corporation and higher than anticipated contributions for Narrows interchange.

Note 3	Fees & Charges - Waste	Variance \$	Variance %	Type
▼	Decrease Actual Surplus	(\$95K)	(1.0%)	U

Fees & Charges for Waste are slightly lower than budget due to lower than expected uptake of additional collection services.

Note 4	Fees & Charges - Other	Variance \$	Variance %	Type
▲	Increase Actual Surplus	\$793K	26.0%	F

Other Fees & Charges are higher than budgeted due to the building permit application for a significant City Deal project (ECU).

Note 5	Rental & Hire Revenue	Variance \$	Variance %	Type
▲	Increase Actual Surplus	\$210K	5.4%	F

Favourable Rental & Hire Revenue due to higher affordable housing receipts and banner hire bookings.

15.2 Schedule of Accounts Paid - May 2023

Responsible Officer	Michael Kent – Chief Financial Officer
Voting Requirements	Simple Majority
Attachments	Attachment 15.2A – Schedule of Accounts Paid - May 2023 ↓

Purpose

For Council to note details of payments made under delegated authority for the month of May 2023.

Recommendation

That Council:

1. RECEIVES the Schedule of Accounts Paid for the period ended 31 May 2023 as attached as Appendix 15.2A.
2. RECORDS in the Ordinary Council Meeting minutes the summary of accounts paid being:

Total Accounts Paid	
Municipal Fund	\$18,351,053.92
Trust Fund	0
Total - All Funds	\$18,351,053.92

Background

1. In accordance with Regulation 13(2) and 13(3) of the *Local Government (Financial Management) Regulations 1996*, where this power has been delegated, a list of payments for each month is to be compiled and presented to the Council. The Chief Executive Officer is delegated this authority under Delegation 2.14.
2. This authority has then been subdelegated by the Chief Executive Officer.
3. The listing of payments with full disclosure of all required information, is presented as an attachment to this report.
4. The listing of payments was made available to the Elected Members via the Council Hub, ahead of the agenda distribution, to provide additional time for review.
5. This summary report then facilitates the acknowledgement of the listing having been received.

Discussion

6. The Schedule of Accounts Paid (Attachment 15.2A) contains the following payments made under Delegated Authority 2.14 - Payments from the Municipal & Trust Fund:

Schedule of Accounts Paid - May 2023

15.3 Corporate Business Plan Quarterly Progress Report 4

Responsible Officer	Melissa Murphy – General Manager Corporate Services
Voting Requirements	Simple Majority
Attachments	Attachment 15.3A – Corporate Business Plan Quarterly Progress Report 4 ↓

Purpose

To inform Council of the progress made against the Corporate Business Plan 2022/23-2025/26 during the fourth and final quarter of the 2022/23 financial year, covering the period 1 April to 30 June 2023.

Recommendation

That Council:

1. ENDORSES the Corporate Business Plan Quarterly Progress Report 4 for the period 1 April to 30 June 2023, as contained in Attachment 15.3A; and
 2. APPROVES the amendment of the Corporate Business Plan 2022/23-2025/26 to remove the project 'Ozone Park boardwalk replacement' and its associated deliverable for the 2022/23 financial year.
-

Background

1. The Corporate Business Plan 2022/23-2025/26 (CBP) was adopted by Council at its Ordinary Meeting held 26 July 2022. The CBP sets out the City's priorities for the next four years, guided by the Strategic Community Plan 2022-2032.
2. The City provides quarterly reports to Council on the progress of the deliverables set out in the CBP. The first, second and third quarterly reports were endorsed by Council at its Ordinary Meetings held 22 November 2022, 28 February 2023 and 26 April 2023, respectively.
3. The CBP must be reviewed annually. At the Special Council Meeting on 17 July 2023, Council considered the new Corporate Business Plan 2023/24-2026/27, which will replace the Corporate Business Plan 2022/23-2025/26.

Discussion

4. Of the 71 deliverables scheduled for the 2022/23 financial year:
 - a. 63 (88.5%) have been delivered
 - b. 7 (10%) are delayed
 - c. 1 (1.5%) was not progressed.
5. The report is the last against the Corporate Business Plan 2022/23–2025/26. Future reports will cover progress against the new Corporate Business Plan 2023/24–2026/27.
6. Of the 63 (88.5%) deliverables achieved, 44 (62%) were achieved during the quarter. Key achievements are listed below.

Project/program	Deliverables achieved	Comments
Heritage Perth month	Heritage events delivered	The Boorloo Heritage Festival was held in April. Ninety-six events were delivered across neighbourhoods, with overall attendance of 30,000.
Social Health and Wellbeing Plan	Plan provided to Council for consideration	Council endorsed the Social, Health and Wellbeing Strategy 2023-2033 at its Ordinary Meeting held 27 June 2023.

Project/program	Deliverables delayed	Comments
to a cloud-based platform (City of Perth Technology Strategy, Year 1 of 4)		has changed to the extent that it is no longer achievable in its entirety within this financial year. Procurement processes commenced during quarter 4 in accordance with the new pathway.
Thomas Street/Winthrop Avenue bike path project	Bike path between Stirling Highway and Aberdare Road constructed	Construction has commenced and is expected to be completed early in FY2023/24. The project encountered delays due to unforeseen environmental approvals outside the City's control requiring a dieback management plan.
Hay Street East End two-way conversion	Design for Bennett Street to Victoria Avenue completed	Detailed design is underway and is expected to be completed during quarter 1 of FY2023/24. Design has been delayed due to the initial tender attracting no responses.

8. The following project did not progress. It is recommended that Council approves amending the CBP to remove the project and its associated deliverable for 2022/23.

Project/program	Deliverables	Comments
Ozone Park boardwalk replacement	Completion of works	This project has been deferred to a future year. Initial and secondary attempts to procure a contractor were unsuccessful and did not yield a value for money outcome (210% over budget).

9. If Council supports the recommendation to remove the project and deliverable identified under point 8, the total number of deliverables is revised to 70. On that basis, the revised and final outcomes for 2022/23 are:
- a. 63 (90%) have been delivered
 - b. 7 (10%) are delayed.

Purpose

To provide Council with an update on the progress of the recommendations from the Inquiry into the City of Perth.

Recommendation

That Council RECEIVES the quarterly (Q4 2022/23, 1 April – 30 June 2023) progress update on the remaining recommendations from the Inquiry into the City of Perth.

Background

1. The final report of the Inquiry into the City of Perth (Inquiry) was tabled at State Parliament on 11 August 2020. The report detailed 341 recommendations for both the City of Perth (215) and State Government (126).
2. Quarterly progress updates on the implementation of the Inquiry’s recommendations have been presented to Council as outlined in the below table, and the City of Perth (the City) has made significant progress toward addressing the Inquiry's recommendations.
