Details of the actions taken under s5.110(6)		
<p>At its meeting on 2 February 2023, the Panel found that Councillor Brent Fleeton a councillor for the City of Perth ("the City"), committed: a. one minor breach pursuant to the Local Government Act 1995 (WA) ("the Act") and regulation 20 of Division 4 of the</p>		

Local Government (Model Code of Conduct) Regulations 2021 (“the Regulations”); and b. one minor breach pursuant to the Act and Regulation 34D of the Local Government (Administration) Regulations 1996 (“the Administration Regulations”), when at the Ordinary Council Meeting of 22 November 2022 Cr Fleton made the following comments: “Is the sustained damage to our reputation worth the money that we are taking in right now and are we making progress towards the underlying issues impacting this business. I do believe we are making progress towards the underlying issues that the General Manager outlined in a conversation to me. I don’t think we are moving quick enough with the property portfolio review and actions coming from that. It’s criminal how badly this business has been treated by former councillors and former administration officers and I encourage every councillor to have an in depth conversation with the General Manager, with the CEO’s permission, on just how badly this business is right now under the surface. But it’s our problem to fix now but I just think where the city is at in terms of what we are trying to do and why we are in this game, I just think these price increases right now while the money will be quarantined for use it’s not worth the continued damage to our reputation as a destination so I can’t support it.””

On 7 March 2023, the Panel ordered pursuant to section 5.110(6)(a) of the Act that, in relation to the Minor Breach of regulation 20 and regulation 34D of the Regulations that no sanction be imposed upon Cr Fleton.
