

Development Approvals

Minor Development Application

A development application (DA) is a formal request for approval to undertake a proposed development or to change the use of a site from one activity or land use to another. Minor Development includes adding to or altering existing buildings, demolishing a building or portions of a building, erecting signs or any structures, changing the levels of a site by excavating or filling and changing the use of any part of a building.

This guide sets out the City of Perth's (the City's) application requirements for minor developments in the city.

In the case of registered or listed heritage places or places in conservation areas, minor development includes any works to the place.

Pre-lodgement

Before you submit a proposal for a minor development, you need to refer to the City of Perth City Planning Scheme No. 2 provisions and requirements including the relevant design guidelines and planning policies.

The site might also be affected by a Minor Town Planning Scheme or a Special Control Area (SCA). If the site is located in former Subiaco or Nedlands areas you need to refer to the Subiaco Town Planning Scheme No. 4 or the Nedlands Town Planning Scheme No. 2 and the relevant policies. To view the relevant documents, go to:

Schemes & SCA's:

perth.wa.gov.au/building-and-planning/planning-framework/planning-schemes

Policies & Precinct Plans:

perth.wa.gov.au/building-and-planning/planning-framework/planning-policies-and-precinct-plans

It is recommended that your development proposal be discussed with the City's Planning Officers prior to lodging an application. This allows any planning issues to be identified before you lodge the application and allows the application to be processed quicker.

Additional Approvals

It might also be necessary to address the requirements of relevant State Government environmental or planning legislation and policies as part of your application. Your proposal may require approval from, or referral to, other government agencies such as the:

- Department of Planning, Lands & Heritage (DPLH);
- Western Australian Planning Commission (WAPC); and
- Department of Biodiversity, Conservation & Attractions.

The City can help you to identify the relevant agencies, however, it is your responsibility to identify which approvals or referrals are required

before lodging your application.
