

Creating Safer Spaces

RESIDENTIAL

**Ten tips for reducing
criminal opportunities in
your residential spaces.**

Turn over to see examples.

- 1 Clear lines of sight for residents moving between public and private areas
- 2 Secure, controlled and clear street access to the carpark
- 3 Clear and secure apartment lobby
- 4 Defined use/ownership of space using fences, shrubs and pathways
- 5 Lighting over front of buildings leading into the immediate public domain
- 6 Clearly defined location – name of premises and street number
- 7 Fencing that can be seen through from private areas to public space
- 8 Low shrubs and high tree canopies help with unobstructed CCTV and human surveillance
- 9 CCTV covering entry and front of building to the public domain
- 10 Signage displayed below CCTV
