

Waste & Recycling Guide

2023 – 2024

FOR RESIDENTS

The City of Perth is working to align with the State's Waste Avoidance and Resource Recovery Strategy 2030 to become a sustainable, low-waste, circular economy in which human health and the environment are protected from the impacts of waste.

Waste and Recycling Targets

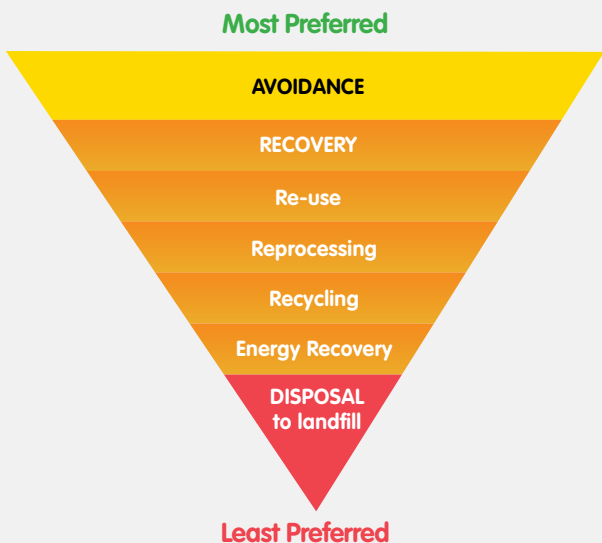

Australians send more than 20 million tonnes of waste to landfill every year. We just put things in the bin and the council takes it away. It's out of sight and out of mind. But the amount of waste we generate is a big problem, and it's only getting bigger.

The state government have set a target of 70 per cent material recovery (diversion from landfill) by 2025. In the 2020/2021 financial year, the City of Perth recycled 3,506 tonnes of waste, or just 22 per cent.

Therefore, it is very important that the City of Perth, together with its residents, businesses, and visitors, aim to minimise waste as much as possible, and utilise all recycling services correctly.

The Waste Hierarchy

The waste hierarchy ranks waste management options in order of their environmental desirability. Waste avoidance is the most preferred option and disposal (to landfill) is the least preferred option.

Avoidance

The best way to deal with waste is to prevent it in the first place. Consider what you're buying and use alternatives that don't create waste.

Re-Use

Rather than throwing things away, we should check to see if it can be used again, repaired or repurposed.

Reprocessing

Using materials that would otherwise become waste (such as off-cuts) during the production process.

Recycling

When we recycle something, we convert the item back into raw materials that can be used to create new products.

Energy Recovery

Some waste can be converted into energy, allowing us to recover some of the value of the material used to create it.

Disposal To Landfill

If waste isn't reused, recycled or recovered it ends up in the environment or in landfill

When is my bin collected?

Please see the sticker on the back of your bin for your address and collection day and time (day/night)

THIS BIN IS **RESERVED** 

Company Business Name _____

Address _____

Bin registration no:

Mon	Tue	Wed	Thu	Fri	Sat	Sun	Night	Day
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

For further information ring 0800 01 30 27

NIGHT

Your bin must be out for collection before **8pm**

DAY

Your bin must be out before **6am**

For West Perth residents, your general waste (landfill) bin must be out before **4pm**. If your sticker has faded, call City of Perth customer service on 9461 3333.

RECYCLING

What **CAN** I recycle in my yellow lid bin?

Plastic bottles*
+ containers
(remove lids)

Glass bottles +
Jars (including
broken glass)

Aluminium +
steel cans*

*
Take eligible items
to a Containers
for Change refund
point to get **10c** back
refer to page 9
containersforchange.
com.au/wa

Cardboard
(flattened) +
cartons

Magazines +
paper (no
shredded paper)

What **CAN'T** I put in my yellow lid bin?

Food or
liquids

Tetra paks
(silver lined)

Bagged
recycling

Soft plastics
+ lids

Aerosols*

Coffee cups

Meat trays

Polystyrene*

Clothing*

* To find drop off locations for these items please visit
RecycleRight.wa.gov.au/find-my-nearest

Loose

Items should always be loose. Bagged items cannot be recycled.

Rinse

Empty and rinse your recyclables to reduce contamination.

Lids off

Remove lids from bottles and containers.

All Lids to be placed into the General Waste Bin.
Eligible Containers for Change lids can be taken to a refund point. Refer to page 9.

Recycling is taken to **Veolia's Material Recovery Facility (MRF)** in Bibra Lake where recyclable materials are separated, baled and then transported to manufacturers for reprocessing into new products including paper, packaging, road base, clothes, carpet, outdoor furniture, appliances and parts for bikes, cars and airplanes.

Residential bulk verge collection

The City of Perth provides two verge collections (March and September) for residents each year. You will be given at least two weeks' notice of the collection date.

This residential verge collection **WILL REMOVE:**

Whitegoods

Stoves, freezers, refrigerators (doors removed), etc

Electronic waste

Televisions, computers, printers, mobile phones, DVD & CD Players, VCRs, and Hi-Fi Equipment

Old furniture mattresses

Garden waste

Tree and shrub prunings up to 1.5m in length and up to 30cm in diameter, lawn clippings & leaves in boxes or bags

- Place items in separate piles as per above groupings
- Neatly place items on the street verge
- Items must be able to be lifted by **maximum** 2 people
- Ensure items do not obstruct the footpath for pedestrians

Some items (including hazardous waste) **WILL NOT BE REMOVED** during the verge collection.

Construction waste
(cement, bricks, rubble, sand)

Tyres +
motor oil

Vehicle parts

See the next page for how to dispose of items not collected (including hazardous waste). For more information, visit perth.wa.gov.au/waste-residents

Items collected during verge collections are taken to a sorting facility to ensure as many items as possible are recycled. Please assess all items for recycling and reuse options before putting them out for verge collection.

Drop-off facilities

Did you know most items not collected during the verge collection can be taken to:

Recycling Centre Balcatta

238 Balcatta Road, Balcatta | 9205 8555

Please note: fees may apply to some items so please contact the facility before you visit for the most up-to-date information.

Household Hazardous Waste (HHW)

This waste is hazardous to the environment and should **NOT** be placed in any of your bins! This includes items such as (but not limited to):

Household light globes and tubes

Printer cartridges

Paint, aerosols & chemicals

Batteries

Gas cylinders

Smoke alarms

Did you know there are multiple locations to drop off your HHW for free? To find out more, please visit:

- recycleright.wa.gov.au/find-my-nearest
- wastenet.net.au/hhw
- paintback.com.au
- techcollect.com.au
